MK Ahmad Tibi (TA'AL): To insert a stick in a person's rectum, is that legitimate???

MK Hanoch Milwidsky (Likud): Yes! If he is a Nukhba everything is legitimate to do him!

Some of you have probably already heard about the events in Sde Teiman concentration camp today: MPs came to arrest soldiers suspected of sodomizing a Palestinian captive, the soldiers in the base revolted, refused to leave and threatened to take active action against the MPs.

The idea of any soldier getting arrested for anything done to a Palestinian is incomprehensible to Israelis these days (even though the investigations are all cover-ups for the ICJ/ICC anyway), so the events caused a big outrage. Right-winger reservist soldiers and members of government arrived at Sde Teiman to try and thwart the arrests.

In this clip we see Likud Member of Knesset Hanoch Milwidsky announcing a "voting strike" in response to the attempts to arrest the rapist soldiers.

Just in: dozens of the "protesters" broke into the base.

Correction for the first tweet: "to do \*to\* him"

"The Reservists - The Victory Generation" posted this call for action to come help the poor poor rapist soldiers who are being "abused" by the military police, according to them. This organization, of course, like all the dodgy right-wing supposed "grassroots" movements, is affiliated to the government.

Among the rioters who broke into the base: Judeo-Nazi MK Zvi Sukkot from Religious Judaism party

The rioters arrived to the compound where the Palestinian abductees are. Police is there, but doesn't do anything.

Among the rioters: Minister Amichai Eliyahu, MK Almog Cohen. Eliyahu was documented chanting "Death to Terrorists" with other rioters. The protesters are walking freely around the base and the event is not under control at the moment.

Soldiers pepper sprayed Military Police investigators.

Channel 12 team was attacked. Rioters called them "traitors" and "Hamas" and took their equipment.

The break-in

In this video Amichai Eliyahu is seen with rioters around him chanting "Death to Terrorists". At least in this video it doesn't look like he's joining them though.

Zvi Sukkot called protestors to stop confronting the soldiers and exit the base.

Beitar Jerusalem violent hooligan group "La Familia" announced they will be "protesting" in 45 minutes in Beit Lid junction, near Netanya.

MK Nissim Vaturi (Likud) arrived at the scene as well.

Larger forces of police have also arrived and are not finally managing the situation

The reason for the planned "protest" near Netanya is that the suspected soldiers are being held there.

Minister Yitzhak Wasserlauf of Jewish Power is also at the scene.

Large police forces arrive

So far there seems to be a coalition-wide consensus against the decision to take the soldiers to interrogation (earlier the suspects agreed to go after the MPs said they'd just be taken to

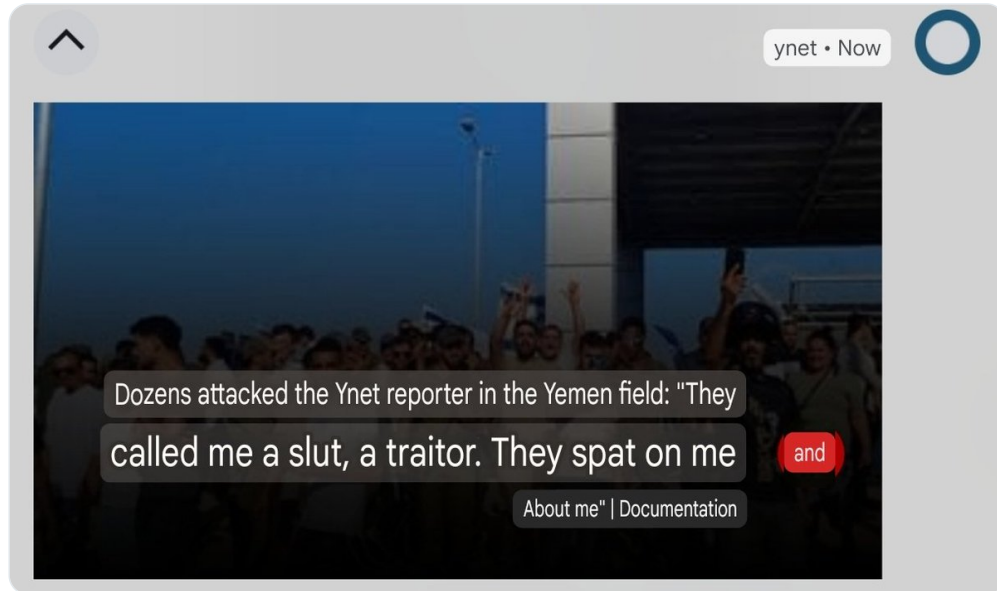

interrogation and not formally arrested.)

The "protesters" left the base and are now "protesting" outside

After the rioters exited the base the cops took off, and there is no more police there. The rioters are blocking the entrance to the base, no one can come in or out.

Meanwhile in Beit Lid a few hundred right wingers gathered and are trying to break into the base where the soldiers are being interrogated.

Multiple reports of rioters attacking journalists

Likud Member of Knesset Tally Gotliv with armed, masked soldiers at the Beit Lid riot. Likud flags are everywhere in this so-called "protest".

All mainstream media teams were physically attacked and police had to get them out of the crowd (without arresting anyone, of course).

The government-affiliated thugs are still trying to break into Beit Lid base where the detained (alleged) rapists are held.

"Protesters" are trying to break the main gate in Beit Lid.

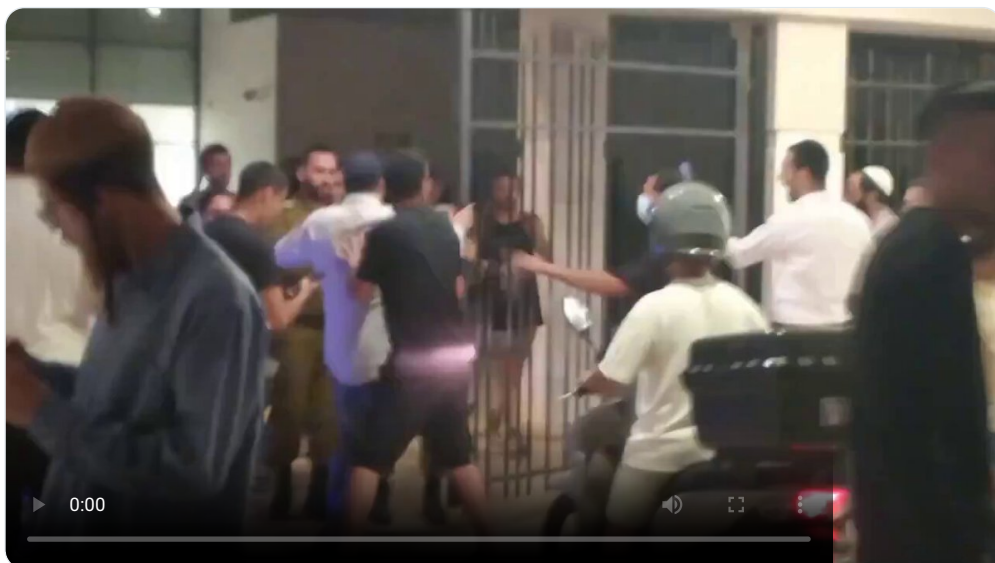

According to reports, they now managed to break in.

Another "protest" started in Ramat HaSharon, in front of the Military Prosecutor's house.

Reportedly, the army is now dispersing them using water cannons and pepper spray.

More videos from outside the detention facility

Just a reminder about who were the first to schedule a riot in Beit Lid

Another crazy video from the confrontations

A glimpse into the jail compound.

BTW, no one has been arrested so far.

Completely unprecedented scenes

Sorry, it wasn't "water cannons" the soldiers used, just a normal water hose 😂

The police claim it dispersed the protest "in a matter of minutes", and well, they're just lying. It's still going on.

The stream from the hose apparently hit a policeman in the face, injuring him.

There are several hundred people trying  
to break in, some of them armed, and  
the police for the time being refrain from  
making arrests

I have a feeling they'll make it in tonight

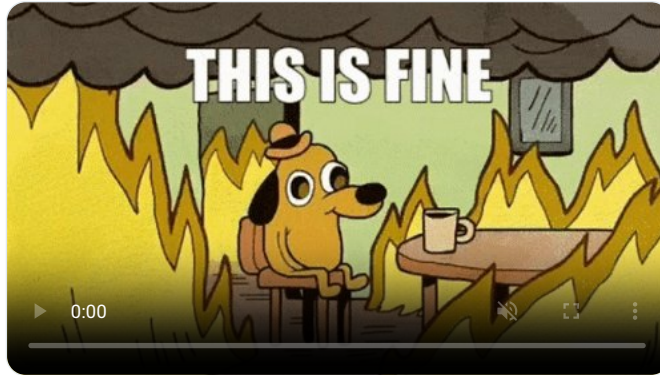

Security Minister Gallant calls on the police to act immediately.

At the moment, it seems like the Israeli Police is now officially Ben Gvir's Police.

Footage of the assault on Channel 13 news team

One thing I find staggering is that Israeli media channels still continue with their regular entertainment programs. As if nothing's going on.

Smotrich keeps inciting: Claims on Channel 14 that the Military Police is being forced to "call terrorists who were released to Gaza" to ask them if they have any complaint about their time in Israel's concentration camps.

Bezalel Smutritz - The military police are calling the  
Nohva terrorists who came to Gaza to hear if they were

Bezalel Smotritz is now testifying on Patriots Channel 14  
that the people of Metzah called him to update him  
personally - they received an unequivocal order to call the terrorists  
from Hamas who were released to Gaza

In order to ask them personally if they have anything to say against

Judeo-Nazi murderer and former spokesman for Jewish Power party, Elisha Yered, along with the suspects' lawyers, have started to spread the claim that the sodomized abductee was "a senior Hamas terrorist", supposedly a company commander from Jabaliya.

The identity of the alleged terrorist who complained against the IDF soldiers has been revealed - he is a senior terrorist from the police station in the town of Jabaliya in the Gaza Strip.

This is an incident that took place about a month ago, the MP in Jabaliya, was transferred that day from Ofer prison to Sde Yemen, apparently following a riot event that he was a part of in Ofer prison. The fighters from Mitzvot 100, as part of the procedure, searched him. attack and bite the fighters. One of the fighters was even injured by the attack.

Today, about a month after the incident, 9 of the fighters were arrested in the Yemen field on suspicion of attacking the terrorist.

And now they're gonna fight about who supports the army more. Unhinged.

I will not give a hand to sights like what  
was seen today at the base in the field of  
Yemen. A situation where masked military  
police raid an IDF base is unacceptable  
to me and I will not allow it to happen  
again. Our soldiers are not criminals and  
this despicable pursuit of our soldiers is  
unacceptable to me.

IDF Chief of General Staff Herzl Halevi arrived at the Beit Lid base.

Apparently deranged settler MK Limor Son Har Melekh is also in Beit Lid. Here we can see  
the crowd of rioters who just physically fought with soldiers a moment ago, applauding  
soldiers that arrived from Gaza.

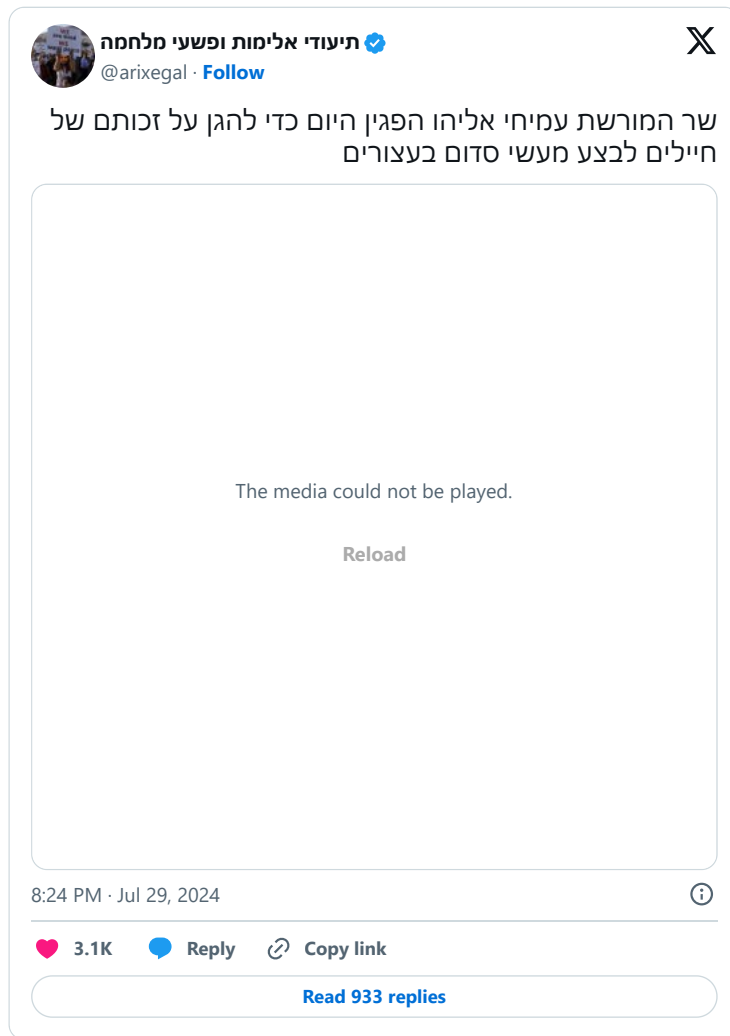

One soldier was guarding the gate in Beit Lid 🤔

Military Police officers have been attacked sporadically around the country and are now being ordered to conceal any marks identifying them as MPs.

IDF says the riots hurt the war efforts and that they had to stop preparations for the northern front due to the events.

Here's a video of Amichai Eliyahu chanting "death to terrorists", which everyone knows around here is just a euphemism for the classic Judeo-Nazi battle chant "death to Ar\*bs"

Now that it's not prime time anymore, all the mainstream channels are back to news from Beit Lid.

Another so-called "liberal" from the Likud, Minister of Economy Nir Barkat, fighting for the right of IDF soldiers to sodomize Palestinians with complete impunity.

אני מגבה את הלוחמים שלנו וקורא לשר הביטחון לבלום באופן מידי את משפט הראווה הבזוי נגדם. מדינה חפצת חיים מחויבת לגבות את הלוחמים האמיצים שלה, שבזכותם היא מתקיימת, ודאי בשעת מלחמה. במקום לאמץ את טענות מחבלי הנוחבה השפלים, שטבחו בילדים ונשים ב-7/10, מוטב שהפרקליטות הצבאית תפעל למצות איתם את הדין על מעשי הזוועות שביצעו ביהודים. מוטיבציית היתר לפעול נגד לוחמי צה"ל מעוררת שאלות קשות. נדמה שגלגלי הצדק של הפרקליטות הצבאית מתגלגלים בכיוון ההפוך.

I support our fighters and call on the Minister of Defense to immediately put a stop to the despicable show trial against them. A country that wants life is obliged to support its brave warriors, thanks to whom it exists, certainly in times of war. Instead of accepting the claims of the vile Nohva terrorists, who massacred children and women on 7/10, it would be better if the military prosecutor's office worked to bring them to justice for the atrocities they committed against the Jews. The excessive motivation to act against IDF fighters raises difficult questions. It seems that the wheels of justice of the military prosecutor's office are turning in the opposite direction.
