🗨️ GOOD FUCKING RIDDANCE!

This dead piece of shit, Avraham Azulai, was eliminated yesterday by resistance fighters in Gaza.

When he was a teenager he moved to Yitzhar, an ultra-Judeo-Nazi West Bank settlement, and opened a Jewish-only construction business. Recently he moved to Havat Shaked (Shaked Farm), one of Yitzhar's satellite outposts, built on private Palestinian land, of course. He was in Gaza with the stated purpose of destroying as many Palestinian homes as he could. May his name and memory be erased.

Here's a piece by public broadcaster Kan about another "Hebrew Work", i.e. Jewish-only construction company from Yitzhar

And this is the sign installed by Yitzhar's residents at the entrance to the settlement. They do not allow any Arab to enter Yitzhar, not even service providers. For example, once, an Arab medical worker was sent there to conduct Covid-19 tests and was denied entrance.

This cunt believed he was going to build the Temple in Jerusalem. May he fuckin' rot.

Oh yeah, in case you haven't read [@ytirawi's thread](#) - Avraham Azulai was eliminated while working on heavy machinery, destroying the Gaza Strip.
